

TorchPrep History

TorchPrep™ exists because we saw a need to help students deal with the heavy weight of the ACT® Test. We have developed an innovative, strategy-focused approach that helps students beat the test, gain confidence, and achieve their highest possible score. TorchPrep™ proudly partners with an array of schools, including many urban and rural districts.

We have helped over 40,000 students rewrite their stories!

- "I'm way more confident in my ability to dominate the ACT®!" -

01 Event One

ACT® PEP RALLY

Build a Plan for Success

How can the excitement of a "pep rally" can be paired with the ACT® test? This 45 minute experience will increase student motivation for test preparation, bring awareness to college admissions testing rhythms and requirements, and show the best plan for increasing test scores. It is high energy, thought provoking, and a great kickoff to the partnership!

02 Event Two

LAUNCH TEST

Experience the Test

Students take a full-length, retired ACT® Test. Here's what the process looks like: TorchPrep™ provides access to the test, school staff administers the test (just like the real thing), then we score it and return a detailed score report. Bottom Line: we don't want the real ACT® Test to be the first time students see the test.

03/04 Fall/Spring Semester

1-DAY/2-DAY BLITZ

Prep for and Master the Test

The TorchPrep™ Blitz is a groundbreaking test prep approach that cracks the code on improving ACT® Test scores. We're obsessed with strategy, so we will introduce students to valuable ACT® Test content-specific strategies. Once they've developed each strategy, we'll have them practice it again...and again. Why? We're all about working SMARTER and HARDER.

10th Grade | Fall Semester

1-Day Blitz Includes:

- 6 Hours of Direct Training
- High Level Testing Strategy
- Help with Timing
- Motivation & Encouragement for Success

11th Grade | Spring Semester

2-Day Blitz Includes:

- 12 Hours of Direct Training
- ACT® Content Review
- Test-Taking Skill Training
- Motivation & Encouragement for Success

05 Event Five

BRIDGE

Sharpen Skills for Test Day

The Bridge is a resource designed to quite literally bridge the gap between the Blitz and the actual ACT® Test. The Bridge consists of "Missions" that reinforce the content and skills learned in the Blitz. These follow-up video lessons & activities ensure students keep what they learned fresh in their minds.

"I would recommend this course to my friends because I am ten times more confident taking the ACT® than I was before."
